Former Powell County

Woman Sinks to Rest

Mrs. Nannie Wills, aged 69 years, died at the home of her daughter, Mrs. Owen Watts, at Petersburg, Washington county, Wednesday night, November 10. Deceased has been in bad health for several years. She was the widow of Rev. J. I. Wills, who died about two months ago. She was well known to many of our readers, having been born and reared on Hardwick's Creek. Before marriage she was a Miss McKinney. She is survived by three children: Mrs. Owen Watts, of Petersburg; Mrs. Harvey Nelson, of Cincinnati, Ohio, and E. G. Wills, of Harrodsburg. Mrs. Sea Jackson, of Spout Spring, is a sister. The funeral was preached in the Harrodsburg Baptist Church, and burial took place in the Harrodsburg cemetery.

Low Price for Corn

Corn in the field is bringing less than for several years before. The prevailing price in this county seems to be \$4.00 per barrel, but in the Bluegrass section good corn can be bought in the field for \$3.00 per barrel. This means a considerable loss to those who grew it with the high price labor in the Spring. If corn sells for \$3.00 per barrel farm labor certainly will have to come down, and it is already lower than any other labor.

Operated on For Appendicitis

Anderson Holmes was stricken suddenly Monday morning with appendicitis and was rushed by automobile to a Lexington hospital that afternoon and operated on that night. The doctors found the appendix had begun to slough leaving the young man in a very serious condition.

Holmes is a veteran of the World War and lost half an arm in overseas fighting.

Alcohol in Demand

The sudden drop in temperature last week caused many radiators to freeze and injure. The next day denatured alcohol to add to the water contents of the radiators of many machines was in great demand. Some few machines were prepared in advance, many were saved by being drained, while a few withstood the cold and some were frozen and injured.

Need Better Officers

A dry officer was recently found guilty of aiding wet men ply their trade, but the worst thing to be uncovered lately was the discovery of a moonshine still in full blast in a Louisville policeman's house.

Machines Changing

Lemon Townsend has sold his splendid Chevrolet touring car to Harold Ashley, and has purchased the elegant seven passenger Chandler machine from D. H. Williamson.

Buys Car

Mark Potts has sold his Ford touring car to Edward Easter.

Bang, Bang, Look for

The Game Warden.

The usual number of sportsmen were out Monday, the opening of the hunting season. While there is no great quantity of birds, there certainly is more of them than last year and the boys are making good the brief hunting season.

We regret to learn that some of our boys too hastily took to the fields without license and that the Game Warden came upon them and imposed a fine on them. Warning, boys do not shoot off your own land without your having license in your pocket. Read "Don't shoot" in last week's Times and save yourself.

The Turkey Crop

The turkeys for Thanksgiving have already been marketed. The prices have been good—thirty to thirty-six cents on foot, though in reality the price is poor when you think of it, for truly are turkeys the hardest of all fowls to raise. It is nothing unusual for our farm wives to lose two-thirds or more of their flock when they are nearly grown, and in some cases all go in some way or other. It is claimed by some that the average cost raising turkeys is no less than one dollar per pound.

Hurrah For Powell

It should be gratifying to the people of Powell county to have the Government crop reports put the average yield of corn in this county, 35 bushels per acre, a above the yield of any other county in the Sixth district composed of the counties of Breathitt, Estill, Floyd, Johnson, Knott, Lee, Magoffin, Martin, Menefee, Morgan, Pike, Powell and Wolfe. The average for the State, 30 1/2 bushels, is also surpassed by us.

A Capable Man Appointed

John S. Dawson, State Division Engineer of this district, has been promoted to Maintenance Engineer of the State Highway Commission. Without doubt Mr. Dawson is the best Division Engineer that ever came to Powell county, and his many friends in this county are glad to learn of his promotion.

Closes Meeting at Mountain Spring

Elder S. V. Larison closed a protracted meeting at Mountain Spring Wednesday night and returned to Clay City. Elder Larison intended holding the meeting over until Saturday, but when the severe weather set in, the meeting closed out. Bro. Larison preached at Rogers Chapel Wednesday night.

Martin-Conlee

Mr. Albert Martin and Miss Sadie Conlee were married at Rosslyn Thursday, November 11. Both are prominent young people of the county. The groom is a brother to Dr. Martin of this city.

We are in the market for all the news in the county.

The Beautiful Snow

Snow began falling Tuesday morning and it fell the entire day through. Had it not have melted some along, we would have had a very deep snow. Yesterday morning we awoke to find the largest snow many of us have ever seen in November. If the snow should go off with a rain, it would produce another tide which would mean good bye to the greater portion of the Powell county corn crop. It is therefore very important that farmers with river crops rush their corn to the crib.

Clark County Sale

Col. R. H. Brookshire, auctioneer, who conducted the sale of Chas. Rankin, reported good crowd, with spirited bidding. Following are some of the prices:

One six year-old mare, \$100; one 8 year-old mare, \$65; one aged cow \$68; one 6 year old cow \$90; two yearling heifers, \$42 each; one weanling calf, \$28 one sow and eight pigs, \$68; meat hogs, \$20 25 per cwt.

Corn \$5 50 per barrel, fodder; 39 1/2 cents per shock; one stack of hay, \$30. Chickens, \$1.35 each.

Household goods and kitchen furniture sold at fine prices. A cooking stove brought \$88.—Winchester Sun.

No Diphtheria

A. T. McCormick, Collaborating Epidemiologist, of the United States Public Health Service, has issued a circular on diphtheria in which he claims that there need be no sickness or deaths from this fatal disease "if every body could know and act in accordance with the second page of this circular." If any person is interested, write Dr. A. T. McCormick, Louisville, Ky., for copy of this circular.

Hog Killing Weather

While we have had some fine hog killing weather, not many of the porkers in the county seem to have been slaughtered. The general complaint seems to be that the hogs are not fat enough.

NOTICE!

All persons indebted to the Millie Skinner estate are asked to come forward immediately and settle it. Also all who have claims against the estate must file same by December 15th.

J. P. Ringo, Administrator.

Your Machine Will Start More Readily

If filled with Good Gulf Gasoline which volatilizes more quickly than most gasolines. Nothing is so annoying as trying to start a cold motor on a poor grade of gasoline. If you have an undue amount of trouble in starting, get your next tank of gasoline at our station and thus make sure of having the best.

Clay City Motors Co.

Personal Paragraphs

Ben McKinney of Fayette county, spent Monday night with relatives in the city.

Miss Ethel Duncan, of Winchester, visited her cousin, Miss Ruth Eaton, Saturday.

Miss Bess McLean, of Nashville, Tenn., is visiting her relative, Mrs. J. B. Eaton.

Judge A. P. Johnson was in Lexington Tuesday to attend the Grand Lodge of the I. O. O. F.

Everett Anderson, of Rosslyn, was here yesterday en-route to Winchester on a business mission.

Mrs. L. P. Keith and Miss Reese Shimmfessel are visiting their sister, Mrs. Mary Hall, near Mt. Sterling.

Mrs. Quiller Snowden and children, of Spout Spring, spent Sunday with her sister, Mrs. Everett Fralev.

Mrs. Bashaw, of Salt Lick, returned Saturday to her home after several days visit with her son, Wm. Bashaw.

Mrs. W. C. Martin, Miss Grace Martin and Shelby Martin attended the Martin-Conlee wedding at Rosslyn Thursday.

Mr. and Mrs. Turner Smith, of Winchester, spent a few days last week with relatives near Powell Valley church.

Mr. and Mrs. Eddie Trimble, of Lexington, were here a short while Sunday. They had been to Stanton where they had visited some relatives.

H. L. Russell, E. E. Freeman and T. G. White, Jr., attended the football game played at Lexington Saturday by Center University vs. Kentucky Wild Cats.

Corn Shuckers in Demand

There was never such a demand for men to shuck corn in this county as at the present time. The crop is good and farm labor scarce.

Circuit Court Convenes

Circuit Court convened at Stanton Monday with Judge Shackelford on the bench, Commonwealth's Attorney Crutcher and County Attorney Marion Atkinson prosecuting.

Following men compose the grand jury:

C. C. Clemons, Floyd Hatton, Floyd Hall, A. M. Potts, T. A. Hall, T. C. Hall, Carl Benningfield, Ed Wilson, John Smith, J. J. Rogers, Paul Tipton, Edwin Rose, Foreman.

The charge to the grand jury was along the usual lines, giving special attention to moonshiners and violation of election laws.

After the Judge's charge to the grand jury and reading the reports of various officers the fol-

STANTON.

Mrs. Nannie Hon, Lombard, was here Monday on business.

F. R. Blackburn, Winchester, was here Monday on business.

Mrs. Eliza Phillips, Louisville, is the guest of friends here this week.

Mrs. Maude Garrett, Bowen, was here Tuesday the guest of Mrs. Ed Dennis.

Miss Pearl Skidmore, Bowen, was the guest of Miss Grace White several days last week.

Miss Eleanor Bowen, Kiddville, was the guest of Miss Mary Douglas Saturday and Sunday.

Miss Gertrude Dennis has recovered from a recent illness at the home of her parents, Mr. and Mrs. Ed Dennis.

Mrs. Sarah Jackson has gone to the home of her daughter, Mrs. Henry Forkner for an extended visit.

Misses Alta and Orpha Forkner and Eula Bowen, Bowen, were the week end guests of Miss Mina Tipton.

Dr. J. E. Lemming, who has been very sick for several days was removed to a Lexington hospital Monday.

Mrs. Bettie Hardwick, Winchester, returned to her home Monday after a week's visit with Mr. and Mrs. Wm. Hardwick.

Mr. and Mrs. Troy Martin have returned from Nada where they spent the summer and have taken rooms with Mrs. S. D. Hall.

Mr. and Mrs. Wm. Ewen, Winchester, and Mr. and Mrs. T. H. Rowen, Kiddville, were here Sunday the guests of Mr. and Mrs. Robert Ewen.

The protracted meeting conducted by Rev. C. E. French, of Virginia, Ill., closed Monday night after two week's continuation. The meeting was one of the most successful held here for several years with fourteen conversions.

Following petit jury was impaneled:

Melvin Morton, Isaac Lowe, John McIntosh, T. C. Baker, D. W. Martin, Everett Anderson, Louis Mastin, J. H. Smith, W. S. Branham, A. T. Benningfield, Nick Powell, Pleas Tipton, Charlie Rice, George Blythe, Coleman Portwood, J. M. Kennon, Grant Bennett, R. N. Ewen, F. P. Adams, Jr., Noah Anderson, John Highley, Dillard Smith, Charlie Welch, Sheldon Chaney, Tom Mountz, Marion Curtis, George Gravett, Grant See, H. T. Derickson, E. P. Moreland.

THE TIMES

J. E. Burgher, : : Publisher.

A HOME-MADE PAPER.

THURSDAY, NOV. 18, 1920.

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

SLADE.

Mrs. W. B. Loughead is visiting in Illinois.

H. S. McKnabb is quite ill again at this writing.

Mrs. Fred Scott, Mrs. Aleck McIntosh and Mrs. Alph McIntosh, of Campton Junction, were shopping here Friday.

Miss Connie Faulkner, who entered school at Stanton College the first of November, visited home folks Saturday and Sunday. She is well pleased with the school. There are twenty-two in her class, first year High school.

Mr. Robert Sturdivant has resigned as Superintendent of the Mountain Central rail road and accepted a position as bookkeeper for the Alco Coal Company, Alco, Ky. We regret losing Mr. and Mrs. Sturdivant as they are fine people, but wish them well in their new home. Mrs. Sturdivant also resigned as teacher of the school at McCormick and no one has taken her place yet.

Well we are glad Mr. Burgher, you have the Times going again and wish you success. We have certainly missed the weekly visitor and needed it very much in our campaign work in the county, but never the less Slade went Democratic this time and half the Democrat women stayed at home. It was encouraging to see our good women going to the polls in rain, both parties, and it showed those that said no good woman would vote how little they knew, and the women were complimented, several said they voted more intelligently than the men.—Thanks.

Miss Anna Bowen and Tip Olefield slipped the march on their friends last Wednesday by going to Winchester and returning to Slade no longer Anna Bowen but Mrs. Olefield. Miss Bowen is the youngest daughter of Mr. and Mrs. J. A. Bowen and is an accomplished young lady, having been a teacher in this county for many years. Mr. Olefield is a native of Menefee county, a stepson of Billie Catron and has a good position in the oil field. Many friends wish the happy young pair a long and pleasant life with only clouds enough to cause them a glorious sun set at a ripe old age.

Well, the Democrat roster got a good sound thrashing this time but, remember, he is not dead and only gave way to let the good old promisers show their wonderful ability. They will have full control for a while and we predict now it will be their last time in power for years to come. One of their party says times will be so good that no one will have to work, but we fear he is not a good prophet, judging from the way they have begun to lay off men and lower the price of farm products, but we will gladly welcome this good time. A change from one political ruler to another is better for the country. So Harding is our President, but not our choice and neither was he elected by our vote.

John Edwards, of Lombard, was drowned in Middle Fork about 100 feet below the oil crusher site near Campton Junction. He and Courtney Campbell had been to Campton Junction were returning home about 11 o'clock at night. Mr. Edwards, is said, had been drinking and was on in front of Campbell. Some think he fell off his horse and as there was no water in his body and his mouth was firmly closed and think he perhaps contained poison which killed him. Mr. Edwards is well known, had many friends and was a good neighbor. He leaves a wife and several children to which the entire community extends its deepest sympathy. It looks as if his death would cause our officers to make a thorough investigation of boot legging in this end of the county.

SPOUT SPRING

Albert Crow visited his son, Lennie Crow, at Stanton Monday.

Dave Snowden, of Winchester, visited relatives here over Sunday.

Prof. Franklin Margison made a business trip to Winchester Saturday.

T. S. and W. J. Christopher, of Clark county, came up Monday to help us open the hunting season.

B. F. McKinney, of Avon, Fayette county, was here Tuesday looking for some help to go to his farm and help him shuck his crop of corn.

Dogs Wanted

I buy bird, cat and rabbit dogs. If you have any for sale write Phil Parrish, 209 Washington St., Winchester, Ky.

Just received a nobby line of Hats and Caps for men and boys made by Regal Spear Co. Mrs. Williams.

ON THE JOB EVERY DAY

Red-Blooded Men and Women Are Seldom Sick

WATCH YOUR BLOOD CONDITION

If You Look Pale, Feel Gloomy and Run-down, Take Pepto-Mangan and Build Up

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.

People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way.

If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run down take Pepto-Mangan for a while. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Adv.

Town Property for Sale or Rent

House of 4 rooms and 16 lots in eastern part of town, necessary out buildings, including garage, cow shed etc. Will rent by the month until sold. Apply to John W. Hendricks, City, Kentucky.

Come In and See the \$7,000,000 3 1/2-inch Tire

This is the famous Firestone molded 3 1/2 inch tire that has its own plant, its own special machinery, special methods, special organization.

Thus Firestone serves car owners with quantity production. This permits a value in tires never before accomplished at the price.

Get your share of these savings by having us equip you.

Why Put it Off?

Delay in securing something you know you need, is as costly as having something stolen from your home.

You know that some day, you are going to furnish your home and place with electrical equipment.

And if you can be satisfied, that the best is now obtainable, why put it off?

Ten Years Record

That's what we want to do—satisfy you.

And if we can't satisfy you, you don't have to buy, in fact we know you have better sense than to buy unless satisfied.

Ten years successful experience in the homes of owners everywhere, is a record that is worthy your careful consideration.

That's what is back of the New Lalley Light.

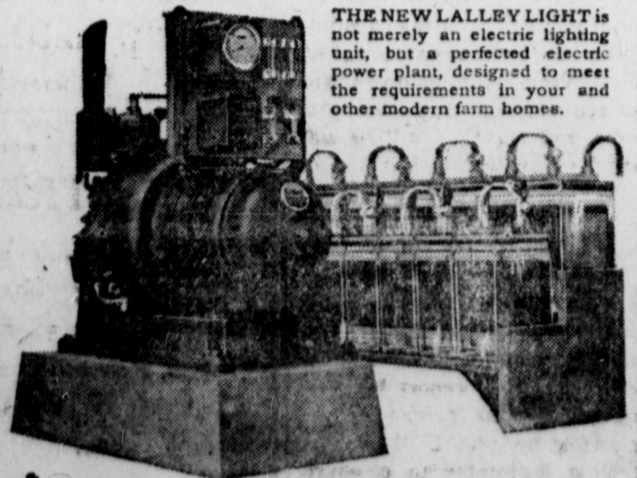

You can have bright, brilliant, ample, safe, clean electric light in every room, in the yard, barn, out-buildings; and you can do the washing, ironing, churning, separating, watering stock, the bathing, dish-washing all quicker, easier and cheaper with the New Lalley Light.

But—all we ask is that you investigate the New Lalley Light for yourself.

Your natural prudence—your own good common sense will tell you that you must see the New Lalley Light before you buy.

We welcome you to visit our showroom. Write us for literature on the New Lalley Light.

1 Stamper, Stanton, Ky.

THE NEW LALLEY LIGHT is not merely an electric lighting unit, but a perfected electric power plant, designed to meet the requirements in your and other modern farm homes.

Why Leave Powell County For Insurance Protection?

Any thing in Line of Fire, Hail, Tornado, and Windstorm Insurance.

LIFE INSURANCE, and in fact any Special Protection Risks may be obtained from Local Agent,

MARION ATKINSON,

STANTON, KENTUCKY.

We sell the "Good Gulf Gasoline" and Supreme auto oil, the kind Uncle Sam used so much of during the war on his best machines. Clay City Motors Co.

Shampooing and Scalp Treatment

Powell County Boys Visit University and Experiment Station

Other boys and farmers of Powell county should go down to Lexington and see what is going on at the State University and the State Experiment Farm as Arbor Snowden, Wm Mansfield, Henry Noe, Malcom Strange, Gilbert White, Prof. Knox and the County Agent did a few days ago. It is always a pleasure for the men in charge there to show visitors around and especially farmers. To date more than 1200 farmers from this state have visited the University and Farm since the 12th of July. They have begun to realize that they are a part as it is a state affair. These boys will never forget this trip and the kindness and hospitality shown them. The first part of the day was spent going over the Experiment Station Farm seeing the different experiments going on with poultry, sheep, beef cattle and dairy cattle, hogs and all live stock. They were given a chance to score or grade some fine beef cattle they were getting ready for the International Stock Show, some hogs and some horses. Then the boys were entertained to luncheon by the Department of Agriculture and a round table discussion followed. In the afternoon the time was well spent in going over the University campus, through the different departments and keeping the boys moving every minute they were there. This trip can not be estimated in worth to these boys, and likely some of them will be going to the University in a short time to get higher training. Some time ago a few of the farmers in Powell accompanied the county agent and spent a day going over this farm. They could not conceive of the fact that it was so large and the work that was being done for their benefit. More farmers should go to see for themselves. Even a short course in farming is going on free to farmers right now. Another begins for eight weeks the first of the year. The farmer only pays for meals and lodging and the training course free. Many farmers are taking this advantage and getting better equipped for farming. The Department of Agriculture at the University is more than anxious to have these farmers come in and it is hoped that some of the farmers of Powell county can make their plans to take in the next short course or a part of it anyway. The County Agent will be glad to give you the necessary information if you are thinking of going. If you can't arrange to take a short course then go down and get acquainted, they'll be glad to see you and you will be well paid for your time and trip.

Kentucky Crop Report

Kentucky's 1920 tobacco crop is estimated at 420,750,000 pounds, corn 96,624, bushels, and potatoes 6,732,000 bushels in the November crop report for Kentucky issued at Louisville and Frankfort by the U. S. Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. Other crops reported for Kentucky are: sweet potatoes 1,680,000 bus., apples 3,780,000 bus., pears 308,000 bus., clover seed 52,000 bus., and sorghum sirup 2,888,000 gallons. Last year Ken-

tucky's production of these crops was: tobacco 456,500,000 lbs., corn 82,500,000 bus., potatoes 5,040,000, bus., sweet potatoes 1,680,000 bushels, apples 1,480,000 bus., pears 128,000 bus., clover seed 38,000 bushels and sorghum sirup 2,542,000 gallons.

The decrease in tobacco production in Kentucky from 1919 is due to decreased average in Western Kentucky which was not fully off set by the increased burley acreage. The damage by rust and "wildfire" also helped slightly to reduce the average yield per acre. Quality of tobacco in Kentucky is reported as 80 percent compared to 81 percent last year. The United States tobacco crop this season is estimated at 1,476,444,000 pounds compared to 1,389,458,000 pounds last year.

It is estimated that approximately 5 percent of Kentucky's acreage of corn was put into silos this season, the average yield per acre being about 7 tons. There was comparatively little frost damage to corn in this State but some is now being reported as chaffy and not well matured. The average yield per acre this year in Kentucky is 30 1/2 bushels, compared to 25 bushels last year and a 10-year average of 27 1/2 bushels.

Hogs Pay Big Money

Mr. Pete Wing of Hawk Point, Mo., made a lot of money out of his hogs. He says: "I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 2 1/2 pounds daily, and were only 7 months, 10 days old, when sold."

Mr. Wing profited by the advice of Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years' standing.

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what ailment is prevalent among your stock or poultry, it is money in your pocket to get the proper Dr. LeGear Remedy from your dealer, on a satisfaction or money back offer.

Stray Sheep

There strayed to my place about October 1st, a small white ewe. Owner can have same by proving property and paying charges. Rav McKinney, Waltersville, Ky.

History of Mary's Little Lamb

I am writing tonight in the Baptist parsonage in the town of Sterling, Massachusetts, about forty miles from Boston. Through about a foot of snow I went to the barn and wood shed, which in part, is made of the old school house to which Mary's lamb followed her one day. The poem, "Mary had a little lamb," is as familiar to many American children as the letters of the alphabet, and I wish to say there was a real Mary Sawyer, who owned a lamb, which went with her to school in the house which originally stood about two miles from here, but was later sold, removed and built into the barn above mentioned.

Mary E. Sawyer was born March 22, 1806, and seven years later twin lambs were born to a ewe of her father's flock, but the sheep mother would only own one of the lambs, so Mary took the other and mothered it. Several months later the lamb followed her to school one day, and before the teacher came some of the boys suggested that Mary put the lamb upon her desk, which she did, and the lamb went to sleep, but later it waked up and kicked and scrambled out of the desk. This made all the children laugh, and of course the teacher had to put the lamb out, but she did not scold Mary. She only laughed with her and the other children. The lamb stayed all day and went home that night, never to come back to school again. But fame awaited this little sheep. Several days later a young Harvard student, John Roulstone, visiting in the neighborhood and hearing of the incident, wrote:

"Mary had a little lamb,
Its fleece was white as snow;
And every where that Mary went,
The lamb was sure to go.
"It followed her to school one day,
Which was against the rule;
It made the children laugh and play,
To see a lamb at school,
"So the teacher turned it out,
But still it lingered near;
And waited patiently about
Till Mary did appear.

Mary's lamb lived only two years and was hooked to death by a cow in her father's barn. The wool of the lamb was spun and knitted into stockings for Mary by her mother, but these stockings were never worn, being kept for years in memory of the little lamb. Many years later,

when the old South church in Boston was to be sold for debt, Mary, who was then a mature woman, with some other woman, got up a sale for the church's benefit. The stockings were unraveled and the thread cut to pieces of one yard in length. Each piece was wound on a card, on which Mary wrote her name, and these were sold for twenty-five cents each. Thus the two pairs of stockings brought \$200, and the Old South church was saved from the sheriff's hammer.

Mary Sawyer married a man by the name of Tyler, and they lived in Somerville, Massachusetts. She died in 1889, and is buried in Mt. Auburn cemetery, near Boston. Her tomb is beside that of the poet Longfellow. She continued all her life a lover of children and animals, and at her death, by her will and that of her husband who had died before her, their home was turned into a playground for the children of Somerville. It is so used till this day.—C. C. Young in The Baptist Chronicle.

Thanksgiving

Next Thursday is Thanksgiving Day. The thanksgiving of most people seem to be celebrated by hunting, hog killing and eating turkey, when we can afford the turkey.

Prepare Now

Now is the time to protect your radiator from freezing. We have the alcohol, and know how much it takes to prevent it from freezing. Come in and get fixed up for the freezing weather.

Clay City Motors Company.

Cows For Sale

Eight good grade cows all giving milk and not too old. Will sacrifice at a bargain. Priced from \$40.00 to \$100.00 each, and well worth more money. Call at the Times office for particulars.

Sweet potatoes make a superior table and cooking syrup, say chemists of the United States Department of Agriculture. Thus far no large commercial use has been made of the discovery. The department is prepared to tell how to make sweet potato sirup at home and how to use it in cookery, and candy making.

THE "OLD RELIABLE"
THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

At all druggists.

Buy Life Insurance from one who knows the business from A to Z after fifteen years' experience. W. R. EUBANK, Winchester, Ky.

The Automobile Season
is Not Yet Over

Why then worry with those old worn out tubes and casings? Tires bought this late will not deteriorate before next season's use. It is indeed a very unpleasant job to have to change and repair a tire on the road in freezing or rainy weather. Old casings and tubes are very annoying in favorably weather, but in the winter time they are the limit

Dress up your machine in a set of new tires, and save the difference by buying them here.

Rear 6,000 Mile Firestone Casings 30x3 1-2 \$18.00

Front " " " " 30x3 15.00

We have a supply of Chains to keep your machine from skidding, and plenty of alcohol to keep the Radiator from freezing.
